1.0 – INTRODUCTION

The Maryland State Department of Assessments and Taxation’s office has served as the central filing office for public notices of secured transactions under Revised Article 9 of the Uniform Commercial Code. These public notices, called financing statements, indicate a commercial agreement between a debtor and a secured party.

Financing statements are filed by banks, mortgage companies, and other lending institutions against secured collateral. Searches of financing statements provide information on secured collateral. When a debtor pledges collateral on a loan, UCC search results tell lenders if others have filed a claim against the same collateral.

The Maryland State Department of Assessments and Taxation’s UCC Online system provides users with the capability to file all UCCs immediately and to conduct searches that will provide the user with immediate results. The delay normally experienced from having to mail in files is eliminated. If the user completes all mandatory fields, the filing is filed immediately. Payment for filings and certified copies may be made using a debit or credit card.

Privacy and security is assured via Secure Sockets Layer (SSL) protocol which encrypts the information being passed between the web server and the user’s computer.

The Maryland UCC Online system is designed to be available 24-hours per day, seven days per week.

We have prepared this user manual to assist you in becoming familiar with the Maryland State Department of Assessments and Taxation’s UCC Online system. In addition, many pages within the application have associated “Instructions” which may be of use. Of course, the Maryland State Department of Assessments and Taxation’s office will be available to assist you as well.
2.0 – **APPLICATION ELEMENTS**

2.01 – **INSTRUCTIONS**

Page instructions can be viewed by clicking the Instructions button located at the top left of the page. Instructions will appear below the **INSTRUCTIONS** button.

![INSTRUCTIONS](image)

Click the **INSTRUCTIONS** button again to remove the page instructions from displaying on the page.

2.02 – **PROGRESS INDICATOR**

During the filing process, each page displays a progress indicator. The progress indicator provides the user with a visual representation of where they are in the filing process. The current step is highlighted.
3.0 – **Main Menu**

This page provides the user with options to file a UCC-1, UCC-3, or UCC-5 as well as options to search filings by name or filing number. Please note the disclaimer box at the bottom of this page. All users should read and pay special attention to this disclaimer statement.

To begin using the UCC Online system, select one of the UCC Filing or UCC Search and Retrieval options.

The **UCC-1, Start a New Filing** link allows you to start the process to file a new initial financing.

The **UCC-3, Amendment, UCC-3, Termination, UCC-3, Assignment and UCC-3, Continuation** links allow you to start the process to file an amendment to an initial financing statement.

The **UCC-5, Information Statement** link allows you to start the process to file a correction to an initial financing statement.

The **Name Search** link allows you to search active filings by debtor or secured party name.

The **Filing Number Search** link allows you to search active filings by filing number.
4.0 – UCC-1, START A NEW FILING

This option is used to file the initial security interest.

The UCC-1 financing statement filing is divided into several web pages. Each page allows for the entry of a specific type of information. Please do not place your social security number on a UCC filing or any other document you submit to the Maryland State Department of Assessments and Taxation. Although we attempt to prevent disclosure of social security numbers, we cannot guarantee that a social security number placed on a document will not be disclosed due to the large number of documents filed. It is the responsibility of the filer to ensure that a social security number is not contained on the filing. Please note that all information entered on the following screens will be displayed on copies of the filing. Filings may be viewed by the public and requested copies may also be made available.

4.01 – CONTACT INFORMATION

The first screen is used to document the name and contact information of the individual or organization filing the financing statement. This is the information provided in Boxes A, B and C of the UCC-1 form. Note that Send Acknowledgment To (Name), Contact Email Address, Verify Contact Email Address, Address Line 1, City/Province/Region, State, Zip/Postal Code and Country are all required fields.

Once the form has been filled out, click the CONTINUE button to move to the next step of the filing process.

4.02 – DEBTOR INFORMATION

The Debtor screen is used to allow for the entry of any number of debtors. When the screen is first displayed, the user can select whether the debtor is an individual or an organization. Any fields that should not be provided on the basis of the debtor type will be grayed out.
Information provided on this screen is the same information provided in Sections 1 and 2 of the UCC-1 form and Section 10 of the UCC-1Ad form. Enter only one debtor name in the Organization Name or Individual Name fields per page. If you have more than one debtor to provide, select the ADD ANOTHER DEBTOR button after you are done providing the information for the current debtor. If you do not have an additional debtor to add or you are done entering additional debtors, click the CONTINUE button to move to the next step of the filing process.

If the Debtor Type is an individual, note that Individual First Name, Individual Last Name, Address Line 1, City/Province/Region, State, Zip/Postal Code and Country are all required fields.
If the Debtor Type is an organization, note that **Organization Name, Address Line 1, City/Province/Region, State, Zip/Postal Code, Country, Organization Type** and **Organization Jurisdiction** are all required fields.
If more than one debtor is entered, each debtor name provided by the user is displayed at the top of the page. If the user determines that information for the debtor is incorrect, the user can easily edit or remove the debtor by selecting the appropriate link.

In order to make online filing as efficient as possible, additional debtors have an option to allow the user to use the same debtor address as the first debtor. By checking the “Address same as First Debtor Address” checkbox, the Address Line 1, Address Line 2, City/Province/Region, State, Zip/Postal Code and Country will be populated with the same information as the first debtor.

Once you have finished entering debtors, click the **CONTINUE** button to move to the next step of the filing process.
4.03 – Secured Party Information

The Secured Party screen is used to allow for the entry of one or more secured parties. Like the debtor screen, the user can select whether the secured party is an individual or an organization. Any fields that should not be provided on the basis of the secured party type will be grayed out.

Information provided on this screen is the same information provided in Section 3 of the UCC-1 form and Section 11 of the UCC-1Ad form. Enter only one secured party name in the Organization Name or Individual Name fields per page. If you have more than one secured party to provide, select the Add Another Secured Party button after you are done providing the information for the current secured party. If you do not have an additional secured party to add or you are done entering additional secured parties, click the Continue button to move to the next step of the filing process.

If the Secured Party Type is an individual, note that Individual First Name, Individual Last Name, Address Line 1, City/Province/Region, State, Zip/Postal Code and Country are all required fields.
If the Secured Party Type is an organization, note that Organization Name, Address Line 1, City/Province/Region, State, Zip/Postal Code, and Country are all required fields.
If more than one secured party is entered, each secured party name provided by the user is displayed at the top of the page. If the user determines that information for the secured party is incorrect, the user can easily edit or remove the secured party by selecting the appropriate link.

In order to make online filing as efficient as possible, additional secured parties have an option to allow the user to use the same address as provided on the Contact Information page (see 6.01). By selecting “Yes” for “Secured Party Address is the same as Contact Information,” Address Line 1, Address Line 2, City/Province/Region, State, Zip/Postal Code and Country will be populated with the same information as provided by the user on the Contact Information page.

Once you have finished entering debtors, click the CONTINUE button to move to the next step of the filing process.

4.04 – COLLATERAL INFORMATION

This page allows for the entry or upload of collateral used for security by the secured party(s). The user may type collateral information, paste from text composed in a word processing software (i.e., Word, WordPerfect, Notepad, and WordPad) or upload a file that is in either PDF or TIFF file format.
Information provided on this screen is the same information provided in Section 4 of the UCC-1 form and Section 12 of the UCC-1Ad form.

To upload collateral, select the Browse... button and locate the file on your computer you wish to upload and attach to the filing.

Once the file is located, select the file and the click the Open button.
The file you selected will display in the Upload Collateral box. Click the UPLOAD button.

If more than one file is uploaded or typed, each collateral entry provided by the user is displayed at the top of the page. If the user determines that information or file associated with the collateral is incorrect, the user can easily edit or remove the collateral by selecting the appropriate link.

*Note:* Uploading one or more files will increase the number of pages in your submission.

Once you have finished entering collateral, click the CONTINUE button to move to the next step of the filing process.

**4.05 – ADDITIONAL INFORMATION**

The Additional Information screen is used to capture any information provided under the following fields: “Alternative Designation” [UCC-1 form, Section 7], “This Financing Statement covers” [UCC-1Ad form, Section 14], “Debtor is a” [UCC-1Ad form, Box 10], “Other”, “Optional Filer Reference Data” [UCC-1 form, Section 8], and “Upload additional information.”

The default value selected for each of these categories is N/A (none). To change, the user simply clicks the selection that is applicable to the filing.
Once you have finished entering additional information, click the **CONTINUE** button to move to the next step of the filing process.

### 4.06 – Real Estate Information

The Real Estate Information screen is used to capture the description of the real estate and the name and address of a record owner of the real estate described. This screen can be used to report one or multiple real estate descriptions.

This screen only displays if the user selects an option other than “N/A (none)” in the “This Financing Statement Covers: [if applicable]” display in the previous step (Item 6.05).

Information provided on this screen is the same information provided in Sections 15 and 16 of the UCC-1Ad form. Enter only one real estate description per page. If you have more than one real estate description to add, select the **ADD ANOTHER RECORD OWNER** button. If you do not have additional record owners to add or you are done entering additional record owners, click the **CONTINUE** button to move to the next step of a filing.

If the Record Owner type is N/A, then all of the name and address fields are grayed out and this information is not required.

(Rev. 04/20/11)
7.0 – UCC-3 CONTINUATION

This option is used to file a continuation to extend the lapse period for the filing. The UCC-3 can be filed within six months before the expiration of the five-year period. If a UCC-3 is not filed before the end of the five-year period, the financing statement lapses and the security interest becomes unperfected. A UCC-3 cannot be filed after the lapse date.

The UCC-3 Continuation filing is divided into several web pages. Each page allows for the entry of a specific type of information. Please do not place your social security number on a UCC filing or any other document you submit to the Maryland State Department of Assessments and Taxation. Although we attempt to prevent disclosure of social security numbers, we cannot guarantee that a social security number placed on a document will not be disclosed due to the large number of documents filed. It is the responsibility of the filer to ensure that a social security number is not contained on the filing. Please note that all information entered on the following screens will be displayed on copies of the filing. Filings may be viewed by the public and requested copies may also be made available.

10.0 — SEARCH BY NAME

Searches are used to find initial financing statements, amendments, correction statements and lien statements for debtors. One of the key components to keep in mind while searching is the “through date.” The through date and time is “real time” – your search results will contain data meeting the criteria up to the date and time the search is submitted. The search results you receive will clearly display the through date.

SEARCH LOGIC

Search results are created by applying search rules to the name presented for searching.

- There is no limit to the number of matches that may be returned in response to the search criteria.
- No distinction is made between upper and lower case letters.
- Punctuation marks and accents are disregarded.
- All spaces are disregarded.
- Searches for individuals should be entered as Last Name First Name Middle Name or Initial (i.e., Doe John)
- If a first name is provided, a match will be found on that with any middle name.
- If only an initial is provided for the first name, a match will be found on any first name starting with the same letter.
- If a middle name is provided for the middle name, a match will be found on the middle name.
- If only an initial is given for the middle name, a match will be found on any middle name starting with the same letter.

Examples are as follows:

A search for **Bank of America** will retrieve:

- Bank of America Home Loans
- Bank of America Corporate Center
- Bank of America N.A.

A search request for **Smith John A.** will retrieve:

- John A. Smith
- John Alexander Smith
- John Adam Smith

A search request for **Smith John** will retrieve:

- John Smith
- John A. Smith
- Johnnie Smith
- John Robert Smith

A search request for **Smith J M** will retrieve:

- John M. Smith
- John Michael Smith
• Johnnie Smith
• John Matthew Smith

Because search results are produced by applying standard RA9 search logic to the name presented to the filing officer, this provides consistent, reliable results and ensures that human judgment does not play a role in determining the results of the search.

Per RA9 Standards Section 503, jurisdictions perform UCC lien searches using the following logic:

There is no limit to the number of matches that may be returned in response to the search criteria.

• No distinction is made between upper and lower case letters.
• The character "&" (the ampersand) is deleted and replaced with the characters "and" each place it appears in the name.
• Punctuation marks and accents are disregarded. For purposes of this rule, punctuation and accents include all characters other than the numerals 0 through 9 and the letters A through Z (in any case) of the English alphabet.
• Words and abbreviations at the end of an organization name that indicate the existence or nature of the organization are "disregarded" as determined by the filing office's programming of its UCC information management system.
• The word "the" at the beginning of an organization debtor name is disregarded.
• All spaces are disregarded.
• For first and middle names of individual debtor names, initials are treated as the logical equivalent of all names that begin with such initials, and first name and no middle name or initial is equated with all middle names and initials. For example, a search request for "John A. Smith" would cause the search to retrieve all filings against all individual debtors with "John" or the initial "J" as the first name, "Smith" as the last name, and with the initial "A" or any name beginning with "A" in the middle name field. If the search request were for "John Smith" (first and last names with no designation in the middle name field), the search would retrieve all filings against individual debtors with "John" or the initial J as the first name, "Smith" as the last name and with any name or initial or no name or initial in the middle name field.
• If the name being searched is the last name of an individual debtor name without any first or middle name provided, the search will retrieve from the UCC information management system all unlapsed records or, if requested by the searcher, all active records that pertain to financing statements with individual debtor names that consist of such last name, any or no middle name or initial and no first name.
• After using the preceding rules to modify the name being searched, the search will retrieve from the UCC information management system all unlapsed records, or, if requested by the searcher, all active records that pertain to financing statements with debtor names that, after being modified as provided in this rule, exactly match the modified name being searched.
10.01 – **SEARCH CRITERIA**

The Search by Name option allows the user to look up and view information by debtor or secured party name.
This option is used to allow the user to indicate if the party name being searched is a debtor or secured party. “Debtor” is selected by default.

**PARTY NAME**
The user provides the party name they wish to search.

When searching for an individual, the user should enter the last name and then a first name or initial and optionally a middle name or initial. (Examples: Adams, John Q. or Adams, J Q or Adams, John Quincy)

When searching for an organization, the user should enter the name of the organization. (Examples: B and B Toys or B and B Toys)

**FILING STATUS FILTER (2)**
This option is used to allow the user to indicate if the search results should contain both active and lapsed filings or only active filings which are unlapsed. “All Filings (Lapsed and Unlapsed)” is selected by default.

**FILING TYPE (3)**
This option is used to allow the user to indicate if the search results should contain only initial financing statements (UCC-1) on record for the party name or all filings on record for the party name. “All” is selected by default.

10.02 – **SEARCH RESULTS**
If the search results include one or more matches, the application will display all matching party names on file for the search. The user has the option to select one or more matching names from the returned results.

If no matches are located, the user will be informed that no documents are on file that meet the search criteria.
10.03 – **SELECT FILINGS FOR RETRIEVAL**

If the search results included a debtor match, the user will be provided with records on file that match the search criteria used.

All UCC-1 filings and, if applicable, their UCC-3 and/or UCC-5 associated filings will display. The user has the option to request a search response only, copies of one or more documents only or both a search response and copies of documents.
10.04 – ORDER SUMMARY AND CONTACT INFORMATION

The user has an opportunity to review and check the search request before submitting the request to the Maryland State Department of Assessments and Taxation’s Office. The user must also provide their contact information and verify that the request information is correct. Note that Send Acknowledgment To (Name), Contact Email Address, and Verify Contact Email Address are all required fields.
10.05 – FILING FEES PAYMENT

PAYMENT

When submitting the filing, you will be taken to a Payment screen. Payment may be made by using any American Express, Visa, MasterCard or Discover debit or credit card.

11.0 – Search by Filing Number

Each filing related to the Uniform Commercial Code or a lien of record is given a filing number to be indexed and searchable. Filing numbers have evolved through various formats over the years. Effective July 1, 2001, Revised Article 9 changed the formats of filing numbers to be consistent nationwide; however, the filing numbers existing prior to that time were not updated to this format, so searchers need to be aware that filing numbers in older formats will exist as long as they remain on the system.

11.01 – Search Criteria

The Search by Number option allows the user to look up and view information by any UCC-1 or UCC-3 filing number. A search for a UCC-1 filing will also display any associated records. A search for a UCC-3 filing will display the associated UCC-1 record and any additional UCC-3 or UCC-5 filings.
11.02 – Search Results and Select Filings for Retrieval

If the search result includes at least one match, the application will display all matching documents on file for the search. The user has the option to select one or more matching names from the returned results. All UCC-1 filings and, if applicable, their UCC-3 and/or UCC-5 associated filings will display. The user has the option to request a search response only, copies of one or more documents only, or both a search response and copies of documents.

If no matches are located, the user will be informed that no documents are on file that meet the search criteria.
11.03 – ORDER SUMMARY AND CONTACT INFORMATION

The user has an opportunity to review and check the search request before submitting the request to the Maryland State Department of Assessments and Taxation’s Office. APPENDIX A – INFORMATION YOU SHOULD KNOW

PDF Files: Acknowledgment copies, search responses and documents will be presented to the user as hyperlinks. The hyperlink will open a PDF file. The user then has the opportunity to print and/or save the file. When saving the file, be sure to include the “.pdf” extension on the file name.

“Back” Button on Browser: We suggest that the user utilize the “Back” button provided within the application rather than the Back button on the web browser.

Entering Data: Data entry is case sensitive. Therefore, the format used in keying information into the application is how the information will be stored.

Collateral Field: If a long collateral description is desired, the user first should type that description in a word processing program (i.e., Word or WordPerfect) or a text editor (i.e., Notepad or Wordpad). That description can then be copied and pasted into the collateral field.

Browser Auto Complete: Many web browsers have a feature called “Auto Complete” which is turned on by default. Auto Complete stores information you have previously entered and will provide you with a drop-down box from which you can select an item. If you wish to have this feature turned off, consult with your IT help desk.

Navigating Through the Screens: All of the screens have a tab order set within them so the user can simply “Tab” through each field. The user can also use the mouse to click into specific fields.

Radio Buttons: The radio buttons displayed in the application are part of the tab order for that screen. To change a selection from one radio button to another, use the arrow keys on the keyboard.

Check Boxes: To place a check mark in a check box on any given screen, the user simply needs to tab into that field and hit the spacebar on the keyboard.
