Introduction

This document provides a high-level overview on interfacing with the standard record interface for the state of Maryland. As with the existing MDOT MVA system, this system may be unavailable to process search requests during maintenance windows.

Users must be authorized within the scope of the Driver Privacy Protection Act (DPPA) and have a subscription with Tyler Technologies (NICUSA) to the Interactive Driver & Vehicle Record Access service to access MDOT MVA records.

Changes in this document:

- Revisions to the below sections/pages:
 - Addition of Conviction Codes, page 33

Overview

The Interactive Driver and Vehicle Record Access service is a web-based application which allows authorized customers to access driver and vehicle records in real time. The service location is located at the following URL: <https://egov.maryland.gov/mva/idvr/>

Maintenance Windows

This service is unavailable to process requests during server downtimes. Current Tyler Maryland scheduled downtimes are:

- Nightly: 12:00AM – 12:30 AM EST
- Sunday: 6:00AM – 11:00 AM EST
- The second Saturday of every month from 11:00PM until 5:00 AM EST
- Tuesday and Thursday 5:00 PM EST

Setting up Your User Account

Primary Account Holders

The primary account holder will receive login credentials in an email from noreply@egov.com. After receiving the username, click on the link in the email to create a password. After the account has been successfully setup, the primary account holder can begin record retrieval.

Registered Account Users

The primary account holder for each entity will register additional user. Once completed, registered account holders will receive an invitation email from noreply@egov.com to setup a user ID corresponding to the associated email address. Each registered account user will need to click on the link in the email to create a user ID and password. After the account has been successfully setup, the registered user can begin record retrieval.

Password Requirements:

Passwords must be a minimum length of 8 characters to follow industry standards for security. Password may not contain any part of your username and/or last name and must contain 3 of the following:

- Uppercase
- Lowercase
- Number
- Special Character

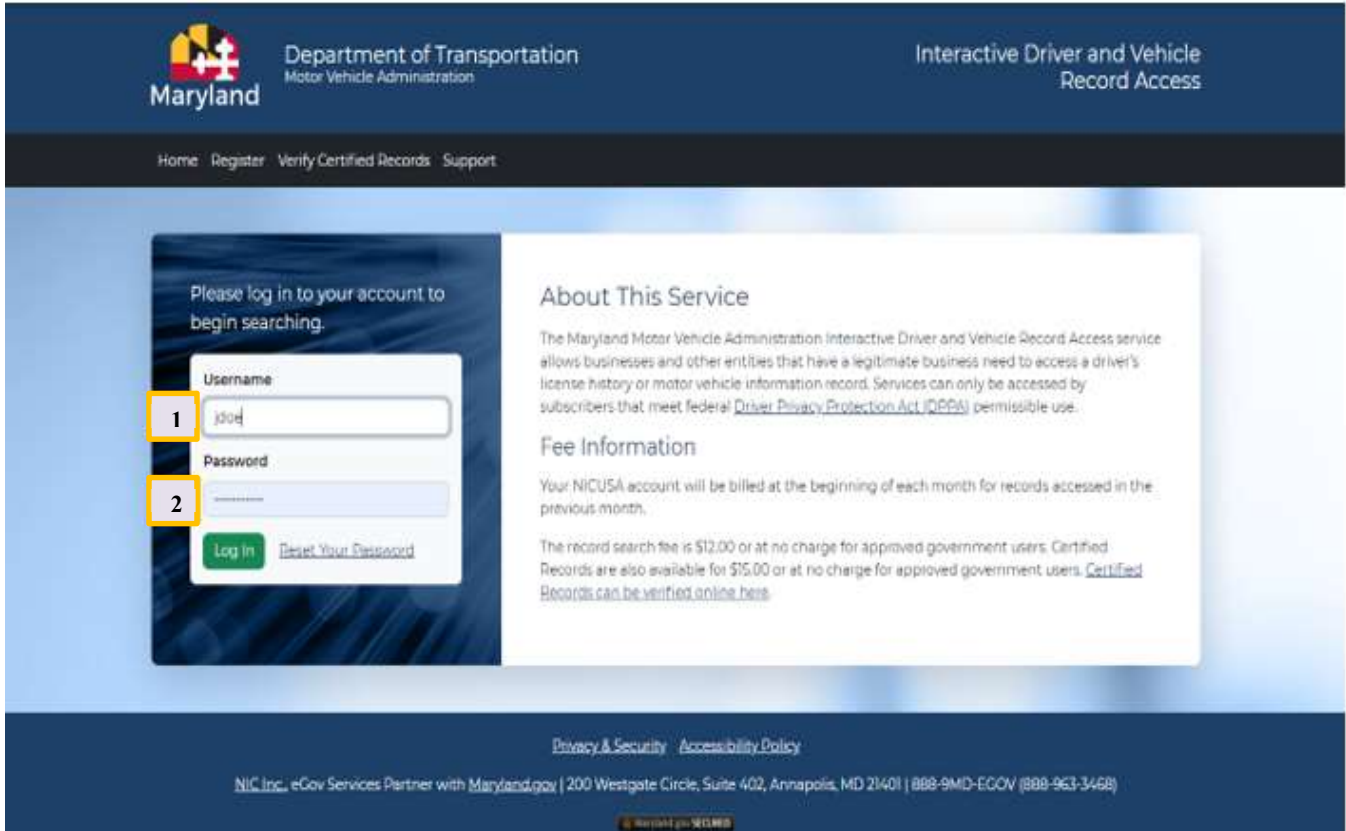

Record Fees

Records are priced at \$12.00 per non-certified driver or vehicle record and a \$15.00 per record fee for certified driver records, regardless of the number of pages contained in each record. ***Government agencies are not charged.*** Like most states, Maryland charges a record fee for "NO DRIVER RECORDS FOUND" and "NO VEHICLE RECORDS FOUND". The MDOT MVA recognizes a requester might possibly enter a typo to cause a "no record found", however, in most cases, the requester requires confirmation of the fact that there is no record for an individual.

Invoices are mailed/e-mailed to customer at the beginning of each month for the previous month's transactions. Payment is due upon receipt of the monthly invoice. Interruption to service occurs if payment is not received by Tyler Technologies (Tyler) within 20 days of the date of the invoice. If payment is received following a termination, Tyler determines eligibility for reinstatement.

Support

The following online support options are available via the Interactive Driver and Vehicle Record Access application.

The screenshot shows the user interface of the Interactive Driver and Vehicle Record Access application. At the top, there is a dark blue header with the Maryland Department of Transportation Motor Vehicle Administration logo on the left and the application title on the right. Below the header is a black navigation bar with links for Home, Driver Record Search, Vehicle Record Search, Support, and Log Out. The main content area is a white box with a blue border, titled "Support". It contains two links: "User Guide" and "Email Support".

Refunds & Credits for Motor Vehicle Record Purchases

Tyler periodically receives requests for credits/refunds from customers who have purchased electronic motor vehicle records. This document describes the criteria and guidelines Tyler will follow for requesting credits/refunds from the Maryland Department of Motor Vehicle Motor Vehicle Administration (MDOT MVA). Tyler's policy will remain consistent with the MDOT MVA's mission to provide exemplary service by establishing specific criteria for issuing credits and/or refunds to customers who purchased motor vehicle records.

- A. Requests for credits/refunds must be submitted to Tyler, in writing at mdhelp@egov.com, and must include the following documentation:
 - a. The transaction date
 - b. The customer's account number
 - c. Any identifying numbers (i.e., DLN, tag, title #)
 - d. The reason for the request
- B. Tyler will consider refunds/credits for requests requested and issued within the preceding three (3) months only.
- C. Tyler will submit requests for credits/refunds to the MDOT MVA. The MDOT MVA will determine eligibility for refunds based on their established criteria and guidelines, transaction activity, and data reports. Transactions that MAY be eligible for a refund/credit include, but are not limited to:
 - a. Any charge incurred by the customer as a result of an application error is refundable.
 - b. Duplicate record searches entered and retrieved within two (2) business days.
 - c. Duplicate records inadvertently ordered on the same date.
 - d. Failed or invalid entries.
 - e. New customer transaction errors (limited to five (5) record searches within the first sixty (60) days of active service.) This allows the client a period of time to become familiar with using the system, the user manual, etc. An example of an error may include entering the same tag number repeatedly with different vehicle class keys, in an attempt to determine the appropriate vehicle class key.
 - f. The second and any subsequent record fees incurred for cross-referenced records. For example, a client enters a license number for Jane Doe and is charged a record fee. The client receives a message indicating the former license number is cross referenced to a new one (i.e., marital name change), and the client then enters the new license number to obtain the current record and is charged a second time. Only the second record fee is eligible for a refund.
 - g. Records that have been requested, but not received.
- D. Transactions that are NOT eligible for a refund/credit include, but are not limited to:
 - a. Record searches that result in no record found.
 - b. Record searches for driver/vehicle activity.
 - c. Record purchased and issued more than three (3) months prior to receipt of the refund request.
 - d. Incorrect data entries that result in a record being provided.
- E. Any refund/credit requests not noted above will be reviewed on a case-by-case basis by the MDOT MVA.

Credits approved by the MDOT MVA will be applied by Tyler to the customer's CDB account. Approved refund/credit requests from customers will be credited directly to the customer invoice for the following month. Excess credits will roll over to additional month(s) until all credits are exhausted.
